Dear Interested Party:

Bright Sky Energy & Minerals has submitted an Application for Permit to Drill (APD) for a wildcat oil and gas well in White River Valley, approximately five miles west of Highway 318, in Nye County. Drilling water needed would be obtained from drilling a water well on location. Operations would commence in late summer of 2012.

The Egan Field Office is preparing an Environmental Assessment (EA # DOI-BLM-NV-L010-2012-0028) to analyze potential impacts from drilling BSEM Federal 1-35 well and the potential drilling of a second well two miles to the south, BSEM Federal 1-14, if BSEM Federal 1-35 produces oil. We invite you to participate in the NEPA process by submitting your concerns and comments on this proposed project to be included in the EA. Comments on the proposal and requests for additional information may be sent to the Egan Field Office, attn: Dave Davis at the above address, by FAX at (775) 289-1910, or by e-mail at drdavis@blm.gov.
